ABOUT THE WINERY

Finally a winemaker from Abruzzo for us. Matteo Cacciagrano makes beautiful wines here from Montepulciano, Trebbiano, Passerina.. He knows what he is doing because he has been surrounded by some natural wine wizards for a long time, such as the Brutal wine cooperation founders.. First gained experience in his garage, but since a few years 100% winemaker. And how! They are all wild, but very drinkable. And all mineral and fruity.
