REGION

Toronto, Ontario

## ABOUT THE WINERY

After making our wine in the nooks and crannies of other wineries for three years, in the summer of 2022 we finally realized our long awaited dream of opening our very own winery in the heart of Toronto. We couldn't of asked for a better location than the energetic industrial-meets-suburban strip of Geary Avenue. We occupy two units on Geary, one is our dedicated winery where we sort, destem, crush, ferment and age our wines which is right next door to our bar and restaurant where anyone can come in and try our entire catalog in the one place.
