REGION	Drôme, Rhone Valley
EST.	2022
GRAPES	Syrah, Chenin Blanc, Chardonnay, Cinsault, Pineau d'Aunis, Gamay

ABOUT THE WINERY

Antonin Roux and Aymar Carrol are artists, DJ duos and Parisian-party-throwers turned neo-vignerons. Antonin is a Parisian-based experimental music composer; while Aymar owns and operates a natural wine bar in Marseille. Their passion for natural wine steadily evolved into a quest to make their own.

After attending the inaugural Bim natural wine fair in Arles, they began incorporating natural wine into their parties in Paris. Feeling the artist urge to create, they staged with Martin Texier in 2019 and vinified their first micro-cuvées in demijohns. In 2022 they secured a cave by the Rhône river and debuted their official first vintage. These are wines of exceptional quality - delicate, approachable and brimming with energy.

WINEMAKING PHILOSOPHY

Negociant-vigneron producing natural wines from purchased organically certified grapes sourced from Northern Rhone and Loire. All wines fermented with indigenous yeasts, bottled unfiltered and unfiltered with no additives. SO2 used only when necessary, always under 10 mg/L.

Their approach combines artistic sensibility with minimal intervention - every detail thoughtfully considered.
